Memo 3

In re Complaint of Kempa-
houné gowda of Gargada
Kuppé in the Tumkur Taluk,
against the grant of 50 acres
of Amrut mahal Chengavi
Kaval land in the Gubbi
Taluk, to one Madarsaib.

1 On the 27th May 1890. the
Officer in charge of the
Amrut Mahal Department,
proposed to the Deputy Commr.
Tumkur District, that Survey
No: 1 of the Amrut-mahal
Kaval in the Gubbi Taluk
known as Chengavi kéré
Kaval measuring 338 acres
and 37 guntas — not required
by that Deptt: — might be
without sale
given to Regiment dar Rama
Rao Rannavaré, who was
one

one of the applicants therefore ~~without Sale~~, on condition that the land should revert to the Amrut Mahal Deptt: when the Regimental-dar resigned it.

2 In reporting this matter to the Govt: the Deputy Commr: stated that there were others willing to bid for the land if sold, and that probably a wet rate of Rs 2 per acre might be imposed on it by the Survey Deptt: S. No. 1.

3 The Government decided that the Kaval in question should be taken charge of by the Revenue Department, divided into convenient blocks and sold by public auction under the existing Rules, there being more than one S No 3/2.

applicant

applicant therefore."

4 Major Macaulière again recommended that the land be made over to the Regimentdar without sale on the ground of his long and meritorious services. It being an Amrut mahal Kaval resigned as a Special case in favour of an individual.

5 The Government expressed their inability to accede to this recommendation and said that the land must be sold.

S. 7.

6 The officer in charge of the Amrut mahal Department once more requested a reconsideration of this order of the Govt. in favour of the Regimentdar on the ground that there were very few applications for the land

the land and the Kaval was resigned by the Amunt Malial Department on condition that it shall revert to the Amunt-malial Deptt: when resigned by the Re-giment dar.

Meanwhile, the Regi- A.N.D.
-ment dar represented that 50 acres of the land in question was given away to one Madar Saib, free of cost and without sale. The Deputy Collector being asked to explain, reported that the 50 acres referred to were granted not absolutely but on "Eksala" tenure and subject to the condition that the land should be put up to auction

8 Government finally Vide Pro: No: 3264 d 29/8/92 S.N.
observed that it would be R.T. 148-92
an inconvenient precedent to grant on Kandayan without

without sale the Chengave
-kere Kaval land alluded to,
to Regimentdar Ramarao
Ramnavere, as a reward for
his meritorious service, and
communicated the same
to the Deputy Commissioner
Tumkur Distrct, with the
remark that the grant of
the land to Madarsaib
on "Ekal" cultivation, es-
-pecially when many others
were willing to take it up
similarly and had better
claims therefor, was not
unsatisfactory, and that
his land as well as the
remaining portion avail
-able should be sold by
public auction before a hig
Revenue officer in convenient
blocks in good time.

9 In the meantime the

D-1 1

Deputy Commissioner was requested by D.O. to reserve about 50 acres of land in such Compact block as might be pointed out by the Regimentdar, and to seek orders in regard to the disposal of this area when reporting upon the results of the Sale of other lands under the tank.

10 The Deputy Commr. replied (Demi-officially) that 100 acres of land ~~would~~ should be reserved, that the Sale of the lands under the tank ~~would~~ should be held on the 9th January 1893 as per notice already issued; and that when the sale was held, the final report ~~would~~ should be submitted.

11 The Deputy Commr. in his letter dated 9th Jany 93 S No 23.

No: 580 reported that the Sale of the lands referred to, had to be deferred owing to the Akarband and the plan not agreeing with the actual details of the lands they re-ferred to.

Sno 24

12 In their Pro: No: 12882 G.F. 148-92 dated 25 January 1893, Govt: expressed their dissatisfaction at the alleged error in the Akarband, and in calling for the Amildar's explana-tion, requested the Deputy Commr: to report whether or not the grant made to Madar Salib had been resumed, and to see that the land was not cultivated again on temporary tenure.

13. The Deputy Commissioner now reports that the Sale of the lands was ndified

in the belief that the accounts received from the Survey Department were correct, but as the time of sale they were found to be incorrect; the Amildar is not to blame in the matter, and that the error having since been rectified ~~and~~ fresh notices of sale will be issued. The Deputy Commr: Submits that the grant made to Madar Sab for a year will be cancelled after the year closes, i.e. after the 30th June/93, and begs to be informed whether the ryot may ~~not~~ be allowed to raise any crop within that period, as if he is prevented from so doing, Govt: will have to remit a portion of the Kandayam payable by him.

The

Wait for orders

remitted -

The relinquishment will take effect from the close of the current official year. Until then why should not the Khatedar in possession deal with the land on which he pays one full year's Kandayam deal with it as he pleases

The Deputy Conservator adds that the raising of crops on the land in question does not cause any difficulty in the way of selling it.

14. The Deputy Conservator's report on the results of the Sale may be awaited in order to decide whether 50 acres of land ~~Reserved for orders~~ should be given to the Regimental without Sale as per Dewan's orders communicated in the Under Secretary's D.O. dated 7th October 1892 or the 100 acres as per Deputy Commissioner's D.O. dated 13th December 92.

15. In reporting ~~the~~ that the grant of land made to Madar Saheb for 1 year will be cancelled after the year closes, i.e. after the 30th June 93, the Deputy Commissioner ignores the fact that notice of absolute relinquishment of the land should be given before the 30th April of the Current Revenue year from the

the close of which the relinquishment is to have effect. (Vide para 5 of Government Pro: No 3211-50 Cir 36 dated 23rd May 1892.)

16. Under such circumstances neither Madar Sale can be permitted to retain the land beyond the date prescribed for relinquishments, viz 30th April, nor can he be allowed to raise any crops which cannot be reaped by that time. It is strange that the Deputy Commissioner should anticipate a demand for the remission of a portion of the Kandayam payable by Madar Sale if he is not allowed to raise any crops within the 30th June 1893.

17. With reference to the Deputy Commissioner's remark that "raising crop on the land "does not in my humble opinion "cause any difficulty in the "way of selling it" it is respectfully submitted that lands as well known but containing no crops can fetch

better prices than those on which crops may be standing to prevent the coming applicant from cultivating the same immediately after the result of the sale is known to him. Applying the same phraseology to the present case, it is not understood how the Deputy Commissioner can expect to shew good results in the sale when the bidders cannot be put in possession of the land until the close of the cultivation season.

My dear Ki

The file herewith Mr. relates to the lands in the Gubbi taluk which Rest Rao Ramachandra Rao has asked for -

Perhaps you will wish to take his orders on the application & settle this long pending question -

The figures are as follows :-

	area	assessment
Total land available under tank	300-25	852-8
Reserved for tank -	60-9	32
Do for Representative Rama Rao Ramachandra Rao	100-1	327-12
	160-10	359-12
Remainder sold by auction	190-15	492-12

for Rs 2,033 which gives an average of Rs 10½ per acre -

Judging from the assertions from the claimants of the lands on the sketch map sent by the Dept N, the lands selected by the Dept are not similar to those which have selected to 10½ pence an acre

If the lands selected by the Dept are may be given without sale the time for doing so now is opportune as this is the season for cultivation

Sir,

I visited Gubbi on the 22nd ultimo and disposed of a reference from the Taluk while I was there, of course without any idea of the previous correspondence on the subject. The Copy of the Amildar's report and my reply thereto is enclosed for perusal. The Amildar ought not to have given the land for ryk sala Cultivation but as he seems to have done it with good intention in the interest of Government and as his action has been accepted by Mr. Venkatavaradaa Iyengar I have nothing more to say. But as granting land for ryk sala Cultivation by sale will necessarily tell hard upon the Cultivators and as 50 acres of land was given without sale by the Amildar in order to improve the land. I beg that it may be allowed to be Cultivated without recovering from him either the average sale amount or the aggregate value of the land. The land can now be sold for next year with

with advantage minus about 30 acres to be
given in lieu of the land submerged by
raising the waste weirs of this very "

ABSTRACT.

The Changavara raval in Chatnahalli Sammat, which once belonged to the Amrit-mahal Department was transferred to the Revenue department. The people were anxiously waiting for the sale of the kaval in pieces. But to their great disappointment, they learned that the best part of the Kaval, 50 acres in extent, was given privately to one Madar Sab, on his application for it. When others applied

for the remaining portion
the amildar told them
that it could not be given

One Kempannegouda
applied for the land given
to Madar Sab, offering
a price of Rs 10 per acre.
But the amildar rejected
the application. The Deputy
Commr., when petitioned, only replied
that the amildar was directed
to estimate the value of the
land in his presence.

Then the ~~Shekdar~~ Sirishtedar went
to the Kaval, reserved some
40 acres of it in addition to
what had been given to
Madar Sab and told the
Shekdar to divide the
remaining portion which is

bought by the Amildar's men were bad he allowed them to take some good lands in exchange.

Petitioner states that the large piece of land above-mentioned is nominally given to Madar Lab, by the Amildar, the Shirastedar and others divide it to produce among them.

Petitioner prays for an order to divide the whole Kaval into small pieces and to sell them separately in public auction

his application, but ordered the Amildar to dispose of the land in public auction. The Amildar, giving Madar Sab time to begin cultivation, reported that he had spent a good deal on the land, and that therefore it might be given to him free. The Dy Comr objected to the free grant of the land, and directed the Amildar to submit an estimate of the price of the land. After some further correspondence, the Amildar reported that though some people, out of malice to Madar Sab, estimated the price at Rs 10 per acre, he was of opinion that only Rs 2 per acre was proper to be demanded.

4

Petitioners hears that the Offg Deputy Commr has ordered the land to be given free.

Besides, Amadar Sale has cultivates nearly 100 acres, though he was given but 50 acres; and when this was complained of, the Amildar said that the land could not be measures, as the crops would be injured by so doing.

Petitioner prays that a proper price may be recovered from Amadar Sab and at least the land encroached by him be sold in auction.

Sir,

I have the honor to report for the information of Government that in the Akkarband of the Chengavi tank in the Gubbi Taluk, the sale of lands below the tank which was to be held today, was kept in abeyance pending receipt of a report from the Survey Supt.

2. The Survey Supt. has been requested to submit his report with as little delay as possible.

3. The petitioners have been informed of the above.

I have the honor to be,
Sir,

Submitted to Hon'ble Dewan

The report promised under the circumstances will be awaited. It is equally unsatisfactory that in an important matter like this the alleged error in the Akkarband should have been overlooked so long. Govt. must have the Auditors explanation in the matter, & in the mean while the Dy Commr will report whether or not the plant made to measure such has been removed as to what the Engr's observation is drawn & the remarks communicated in Govt. No 3264 & 29 Dy Comr Tech Asst Revs.

The Chief Secretary to the
Government of Mysore

Sir

With reference to the correspond-
-ence ending with your official
memo No 775 of the 26th ultimo re-
-garding the sale of the lands under
the Chengavi Tank in the Gubbi Taluk,
I have the honor to state that as
per proclamation issued the sale was
to be held today, but when the
work was begun it was found that
the Survey Kharband and the Nakshe
or plan did not agree with the actual
details of the lands they referred to
and there appeared to be some
mistake made in the preparation of
the said documents. The sale could not

therefore be conducted - the Survey papers will be returned to the Superintendent of Survey for correction. On their return a fresh notice of sale will be issued and a report submitted shewing the results of the sale.

2. The petitions sent for information and return with your references noted in the margin are herewith retransmitted

Read — (23)

Letter No. 580 dated 9th January 1893 from the Dy Commr Tumkur District, stating that the sale of lands under the Hengavi tank in the Gubbi Taluk had to be deferred, as when commencing the sale it was found that the Akarband and Survey Plan did not agree with the actual details of the lands they referred to.

Order No. 12852 / 8 7 14 8 92 dated 25-28 January 1893

It is ~~especially~~ unsatisfactory ~~and disappointing~~ that in an important matter like this, involving valuable lands ~~which~~ the disposal of which has been under correspondence since May 1890, the alleged error in the Akarband should have been overlooked so long. Government wish to have the Amildar's explanation

in the matter, and in the mean-
while the Deputy Commissioner's
attention will be drawn to the
remarks communicated in
No 3264½ dated 29 Augt
RD 148-92

report whether or not the grant
made to Madar Sahib has been
resumed. In any case the
Land should not be cultivated

No: 669.

Camp Kunigal, 10th February 1893.

To,

The Chief Secretary to the
Government of Mysore

Sir,

With reference to Government order No: 12882 of the 25th Ultimo, G. F. 148-92 I have the honor to state that, as usual, the accounts received from the Survey Department were taken to be correct and the sale of the lands notified. But at the time of sale it was found that the accounts were incorrect and they were returned for correction. The Amildar is not to blame in the matter. The error has since been rectified by the Survey Department and the accounts received back from it. Fresh Notices of sale will

sold and the result reported.

2. The grant made to Madar-Sahib for a year will be cancelled after the year closes i.e. after the 30th June ensuing—. I beg to be informed if he should be prevented from raising any crop on it even within that period. If so the ryot will not only lose crop, but the Government will have to remit a portion of the Kandayam. Raising crop on the land does not, in my humble opinion, cause any difficulty in the way of selling it.

I have the honor to be,

Sir,

Your most obedient Servant

GOVERNMENT OF MYSORE

No: 768. Deputy Commissioner's Office

Camp Chengavi 18th March 1893.

To,

The Chief Secretary to the
Government of Mysore

Sir,

In continuation of the Cor-
-respondence ending with this Office
letter No: 669 (25) of the 10th Ultimo regard-
-ing the lands in the Village of
Chengavi in the Gubbi Taluk received
back from the Amrat Mahal De-
-partment, I have the honor to state
that they were sold, yesterday and to-day in my
presence on the spot minus the lands
chosen by Regimentdar Mr: Rama-
-Row Ranavaré.

2. The total extent of the lands
is 300 Acres and 25 Guntas
assessed at Rs: 852 — As: 8. ——. The
extent

is 100 Acres and [illegible] 1 Gunta
assessed at 327 Rs: — 12 As: —. Out of
the balance of 200 Acres and 24
Guntas assessed at 524 Rs: — 12 As: —
an Area of 10 Acres and 9
Guntas was reserved to be given
to the Nirgunty of the tank com-
manding most of these lands in
lieu of his Service Inam land re-
turned during the last famine of
1877 for default of payment of
Jodi and given away to others on
full assessment. The balance of
190 Acres and 15 Guntas assessed
at 492 Rs: — 12 As: was sold and the
amount realized is Rupees 2033-2-
A Statement shewing the number,
Nature, extent and assessment of these
lands as also the names of the
purchasers and the amount rea-
-lized on each field is enclosed —.

It

It also shews the particulars of the lands selected by the Regimentdar and reserved for the Nirjanty. A map shewing at one glance the lands reserved and the lands sold is also enclosed —.

3. The amount realized at the sale is much less than what was expected, and this seems to be the result of the best of the lands having been chosen by the Regimentdar. He order is that he should choose in one Compact block, but the enclosed plan shews that the lands chosen are not in one block. They are colored yellow. The order was communi=cated to the Regimentdar but he said that he would only choose lands worth having. The small extent reserved for the Nirjanti is

Colored

colored red. 52

4. Orders are solicited about the confirmation or otherwise of the Sale —

I have the honor to be,

Sir,

Your most obedient Servant

The Dewan's Office
Mysore State
Bangalore

The humble petitioner Regimentdar Rama Rao Bamanavaray most respectfully begs to state that he had requested the Government to grant him a hundred acres of wet land below Chengavi Tank. Accordingly an order was issued to the Deputy Commissioner of the Tumkur District to lay by one hundred acres of that land and sell the rest by public auction. In obedience with the order the land is kept / and the rest was sold on the 17th March last. Now the petitioner begs that the Govt: will be so good as to pass an order to the Deputy Comssr: to hand over the land to him as soon as practicable, because the land is to be given to him for the year 1893-94; if the land is given to him now it would be favourable for him for cultivation for the above year. It appears that only 50 acres of that land was given to Gubbi Madarsab for cultivation, but instead of which he has cultivated nearly 200 acres without the sanction of the Govt:. As the year 1892-93 continues till the end of June, so he has commenced putting a second crop; but to cut this crop and hand over the land to the petitioner it would take nearly 3 or 4 months more, when the proper time for the petitioner to cultivate will be elapsed. The petitioner further begs to state that the above named Madarsab has bought / board 50 acres of land in the last auction, so he has claim only over those 50 acres but not on the rest of the land. So the petitioner requests the Govt: to send an order to the Deputy Comssr: to prevent him from putting a second crop on the rest of the land.

The humble petitioner most humbly begs to remain
